Extra Heavy duty STILAN®

Specially made for extra strength and durability

Colour Chart

These are base colours without chips. These colours are indicative. Contact us for actual chip shade samples. We offer a range of accent colours. Terracotta, the natural choice has a rich and varied heritage. The naturally occurring shades and blending of tones, makes it the most preferred tile for outdoors. Most tiles are plain colours to avoid inconvenience for colour matching.

Easy to Maintain

SILAN™ rough tiles are easy to maintain in comparison to any other tiles yard.

- Easy to replace if broken; no need to hold up stock for years.
- Made with less, fillers and oil ashes.
- Easy to clean stain using a soft broom, water and occasionally a mild chemical, soap solution.
- Suitable for flooring with a Scrubber dryer or other mechanical means.

Quality you can trust

Bharat is a pioneer and quality leader for over 90 years. Bharat is the most trusted name in quality cement tiles, and STILAN® non-slip tiles represent this to the fullest extent. STILAN® non-slip tiles are made from quality ingredients

- Rich cement mix to ensure longevity.
- ISO pigments to ensure colours are non-fading and sunlight/UV fast.
- Rust-free- does not contain iron flakes or filings.
- Perfectly finished edges and corners.
- Stringently tested for abrasion resistance.
- Exceeds IS 13801 for chequered (non-slip) cement heavy duty tiles.

Stilan® Heavy Duty Non Slip Tiles

Conforming to IS (13801-1993)

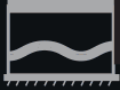

TECHNICAL DATA COMPOSITION

Topping Cement, pigment, filler,
Stilan® abrasion resistance grain

Backing Grey cement, Stone grit/ Dust
